*All performance figures are given in good faith and are intended as an indication. These figures cannot be guaranteed as top speed, in particular, is affected by the cleanliness of the hull, conditions of the propellers, weight carried and air/sea temperatures. Sealine International reserve the right to change specifications in line with the company policy of improvement through research and development. Errors and omissions excepted. Models shown in this brochure may include additional cost options that are not part of the standard specification. Accessories shown are for illustrative purposes only and are not included in the purchase price. Please check with your dealer for a full list of inclusions.

SEALINE

T60 AURA

A collaboration between Sealine and Studio Conran, the T60 Aura is a high performance motor-yacht that features the best of modern interior design.

Featuring a rearward facing radar arch, signature slanting portholes and strong flowing lines, the T60 Aura has a sleek but solid presence. This feeling is further enhanced by an extending bathing platform that creates even more space in the cockpit at the touch of a button.

An airy open-plan interior, the T60 Aura is a harmonious balance of opposites: style and function, comfort and practicality, simplicity and technology – and all with a strong sense of luxury. Craftsmanship, finishes and furnishings throughout the interior create a sanctuary that helps to bring the outside – in.
