

BOAT SMARTER BOAT SAFER

LANYARD STOP SWITCH

- New, sealed waterproof switch with two different mounting options – flush-mount or two-inch cutout with spin nut and snap-on bezel
- Kits available for sterndrive/inboard and outboard engine applications

ANALOG TROLL CONTROL KIT

- New, two-inch dash mounting kit and button that allow troll control – like SmartCraft® gauges or the Big Tiller®
- Feathers engine speed and allows better slow-speed control of boat – every 10 RPM up to 1,000 RPM
