## SUN ODYSSEY : THE 8<sup>TH</sup> GENERATION

### JEANNEAU INTRODUCES THE FUTURE OF THE SUN ODYSSEY RANGE.

This iconic range by Jeanneau is radically evolving. With over 17,000 Sun Odysseys sold since their creation, the range has withstood the tests of time without gaining a wrinkle. 2018 brings renewal, with heritage in tact: the 8<sup>th</sup> generation!

The new generation of Sun Odysseys reflects harmony on board, and this well-being flows from a clever ergonomic design. The new Sun Odysseys benefit from an entirely new, innovative layout for greater ease of movement about the boat. At once seaworthy and welcoming, cosy and sporty, masculine and feminine, the Sun Odysseys are as attractive on the interior as they are on the exterior.

The ambiance is warm and polished, soft and welcoming.

On the interior, they feature clean lines and a spacious open layout. Sun Odysseys offer a harmonious design for easy handling and enjoying life on board.

Available in models from 44 to 49 feet, the new generation of Sun Odysseys invite you to travel and enjoy life's pleasures in comfort and style.

### A NEW VISION OF LIFE ON BOARD

Designed by Philippe Briand and Jean-Marc Piaton, the new Sun Odyssey range successfully combines contemporary style and harmony, all while respecting the heritage of her 27 years.

These sailboats from 44 to 49 feet have revolutionized cruising: they are the only sailboats in their category to feature movement about the deck without obstacle. For example, the sidedecks are inclined, sloping down to the cockpit floor, meaning that there is no need to step over the coaming! This incomparable ease of movement on board makes the new Sun Odyssey unique.

Life on board has never been so simple and comfortable.

### FREEDOM TO SET YOUR OWN COURSE

This new generation of sailboats is clearly high performance. The Sun Odyssey 440 and 490 concentrate multiple technical and technological advances to enhance your quality of life at sea:

- full-length hull chine,
- secure helm stations,
- twin rudders,
- retractable bow thruster,
- cathedral rigging,
- L-shaped keel,
- integrated bowsprit.

## INNOVATION FOR GREATER EASE AND COMFORT

The Sun Odyssey 440 and 490 offer multiple technical advantages to perfect handling and comfort on board.

An entirely new and innovative feature aboard this type of sailboat, the tall, protective coamings are extendable. This technological advantage affords greater security and enhanced comfort on board, forming a large and accommodating lounging area and sundeck.

Movement about the deck is also facilitated by the separation of the shrouds. The vertical shroud is located on the outside of the hull, and the inner, diagonal shroud is placed inboard for an easy passage forward and a larger genoa.

Specially designed canvas options are also available, including the innovative option of a fully enclosed cockpit and a high-visibility spray hood for protection and comfort in all conditions.

### INNOVATION FOR GREATER EASE AND COMFORT

The Sun Odyssey 440 and 490 are characterised by a multitude of small technical and technological details to transform life on board.

In addition to the inclined and continuous sidedecks and the extendable coamings, the new generation of Sun Odysseys benefit from a lower boom for easier access to the sail and an increased sail area.

The jib and mainsheet are led to centralised winches, located near the helm stations, for easy handling from the safety of the cockpit.

Rarely has a cockpit table contributed so much to the livability of a boat. The aft end houses controls for lighting and instruments, while the forward section is reserved for storage and an innovative, portable 12-volt refrigerator. There is also a portable BBQ grill that can be used onboard or taken ashore, along with the portable fridge, for a picnic!

## SUN ODYSSEY 440 & SUN ODYSSEY 490

### INTERIOR VOLUME AND HARMONY

Inviting you to experience greater well-being and comfort, the Sun Odyssey range offers a new vision of life on board.

With pure lines and carefully considered interior volumes, the design of this new generation features a contemporary and harmonious style. Jean-Marc Piaton and his crew have succeeded in designing a surprising interior, where innovation serves to enhance both aesthetics and comfort on board.

Access to the interior is afforded by a gently inclined, 40° companionway. Bulkheads and interior volumes have been cleverly designed to increase interior space, both visually and physically. Smooth, clean lines naturally guide the eye through the homogenous interior design.

### INTERIOR VOLUME AND HARMONY

The spacious saloon is warm and inviting, and adaptable to suit your needs. The table folds down, and can be transformed into a large sofa.

Long windows in the hull bathe the interior living area with natural light and reinforce the harmonious, structured lines of the interior design.

### AN INNOVATIVE CONTEMPORARY DESIGN

The interior design of the 8<sup>th</sup> generation of Sun Odysseys echoes the overall innovation of the range.

The central galley, located in the most stable part of the boat, is easily accessed from both the saloon and the cockpit. Innovative details include solutions for microwave and dish storage, as well as an ideally located opening port for stovetop ventilation.

### A FIRST RATE CHART TABLE

With contemporary lines, the Sun Odyssey range offers a new vision of life on board. Particular attention was paid by Jean-Marc Piaton and his team to develop innovative and contemporary design details while preserving traditional functionality.

The Sun Odyssey offers a “best-in-class” chart table designed in the pure nautical tradition, with a contoured seat, and a large and deep desk with integrated pen storage. Storage compartments abound. A signature clock and barometer set and a state-of-the-art touch screen panel enable excellent monitoring of tankage and batteries.

## AN IMMENSE OWNER'S CABIN

With a wider forward section of the hull, and by shifting the head compartment aft and the sail locker forward, the owner's cabin of the new generation of Sun Odysseys enjoys an interior volume never before seen on a boat this size.

The cabin features a berth of 160 by 200 cm, with a multitude of storage compartments, as well as a private head and separate shower compartment with the luxury of a double door access.

### A BRIGHT GUEST CABIN

The guest cabins benefit from a contemporary and harmonious layout. The design was carefully considered in order to allow each cabin to include large rectangular berths.

The three-cabin version also features rectangular berths to enhance the quality of daily life on board.

## MULTIPLE INTERIOR LAYOUTS POSSIBLE

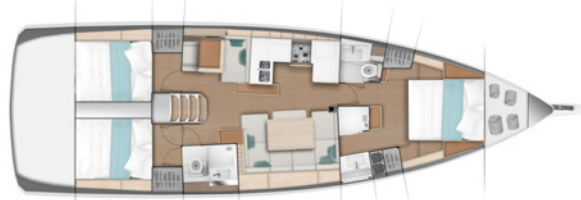

The Sun Odyssey 440 and 490 are available with two possible interior layouts, composed of two or three cabins, with two head compartments. Additional versions will soon be developed for the Sun Odyssey 490.

The interior, in teak, will also be available in an optional grey cedar wood finish.
